

OBAMA'S RADICAL TRANSFORMATION OF AMERICA: YEAR ONE

In only one year, Obama has saddled Americans with a skyrocketing deficit that will leave future generations deeply in debt; a health-care plan that prescribes a cure worse than the illness; catastrophically expensive environmental schemes; and a foreign policy that appeases enemies and punishes friends. In this frank and insightful Broadside, Joshua Muravchik analyzes these and Obama's other misguided efforts to "fundamentally transform" America during his first year in office.
