

SNOW WHITE AND THE SEVEN ROBOTS: A GRAPHIC NOVEL

Far, far away, on a distant planet called Techworld, a little girl named Snow White is born. Created by the planet's smartest minds to be the perfect scientist, Snow immediately shows a knack for working with electronics. The Queen, fearing for her crown, exiles Snow White so she cannot grow up and take the Queen's place as the most intelligent person on the planet. However, Snow White's willingness to help those in...

Reader's Opinions

This was - quite frankly - the most enjoyable of these stories. Snow White has been sent off to a planet where robots harvest diamonds. Luckily, her friend comes to save...

Ooooooo, a fairy tale where IQ and not beauty is the big attraction? Tell me more!The evil queen is the smartest scientist in all the galaxy, which grants her rulership (interesting government structure) so when young Snow shows an aptitude for high level engineering, the queen feels threatened, and goes on the attack. Events play out...
